MILAN AREA CHAMBER OF COMMERCE MEMBER TO MEMBER DISCOUNT PROGRAM

To be a participating merchant we hope this will be an on-going offer to encourage members to shop your business often! **439-7932**

Because of cost of publishing we can only produce the brochure one time a year, but if you want to be included this year, we will be happy to put updates in our Community Letter that is published monthly. It would be up to members to update this brochure with your discount. New members or renewals after this printing will be sent to the participants to add to this sheet

The following chamber members welcome your business by offering current chamber members the following discounts. For additional members who wish to be a part of this program, due to the cost of publishing, your discounts will be added to the brochure, at the first of the business year. (But if you want to be included this year, we will be happy to put updates in our Community Letter that is published monthly.)

How it works: Simply refer to this brochure before shopping to see if what you need is listed as a discount. Upon your purchase at the participating business, simply mention that you are a paid 2009 Milan Chamber member and would like to take advantage of the discount program. The participating merchant refers to the list of membership on this brochure to check the validity of membership...

It is that easy!
